

USF is a high-impact, global research university dedicated to student success. For information regarding the USF System, please visit our website at <http://system.usf.edu/>

The School of Geosciences, part of the College of Arts and Sciences at the University of South Florida, seeks a physical volcanologist with an emphasis on hazard assessment. The successful candidate will be expected to develop an externally funded research program, mentor graduate students, teach undergraduate and graduate courses in volcanology, natural hazards, and geomorphology, and interact constructively with the USF and national and international research communities. Additional information

is available at the School of Geosciences website:

[http://hennarot.forest.usf.edu/main/depts/geosci/.](http://hennarot.forest.usf.edu/main/depts/geosci/)

The position, to be filled at the Assistant Professor level, is a 9 month tenure-track appointment, beginning August, 2014. Salary is negotiable. A Ph.D. in geology, geophysics, geosciences, physical geography, or similar field is required at time of appointment. To apply, go to:

http://www.usf.edu/about-usf/work-at-usf.aspx?utm_source=work-at-usf&utm_medium=call-to-action&utm_campaign=usfhomepage

You will be asked to upload a letter of interest, curriculum vita, statements of research and teaching goals, and the names and e-mail addresses of three references. Applications will be accepted through May 15, 2014, or until the position is filled. For additional information, or for those persons requiring reasonable accommodation under the ADA, please contact Ms. Dawn McGowan (dmcgowan@usf.edu).

According to Florida Law, applications and meetings regarding them are open to the public. USF is an Equal Opportunity/Equal Access Institution. For disability accommodations, contact Dawn McGowan at (813/974-0323), a minimum of five working days in advance.
